3M PAINT PROJECT RESPIRATOR WITH QUICK LATCH (1 Pack)

- Quick latch mechanism makes it easy to drop down the respirator from face without removing head straps
- Proprietary 3M Cool Flow valve helps reduce heat and moisture to make breathing easier
- 3M's lightest silicone facepiece
- Exhalation valve cover directs exhaled breath and moisture downward to reduce fogging of face shields
- Includes 1 facepiece, 1 pair of OV/P95 cartridges, 2 pairs of prefilters, and 1 pair of filter retainers

3M RUGGED COMFORT QUICK LATCH HALF FACEPIECE REUSABLE RESPIRATOR

- No Cartridges, Prefilters, and retainers included
- Resilient silicone face seal provides comfort, durability, and stability with a soft but firm seal
- Quick Latch mechanism makes it easy to drop down the respirator from face without removing head straps
- Proprietary 3M Cool Flow valve helps reduce heat and moisture to make breathing easier
- Low profile half facepiece design offers a wide field of view and compatibility with welding and grinding shields
- Exhalation valve cover directs exhaled breath and moisture downward to reduce fogging of face shields
- The quick latch also eliminates the need to remove a hardhat or faceshield when lowering or raising the respirator. When properly fitted and used with approved 3M cartridges and filters, this respirator helps provide respiratory protection at concentrations up to 10 times the Permissible Exposure Limit (PEL). While being the lightest silicone 3M facepiece, it is still rugged enough to withstand long hours and extreme conditions. The resilient silicone face seal offers an extended facepiece life, even keeping its shape in high-heat environments.
